The Journal is only one bit a week, but it gets there just the same. Now is the time for merchants to advertise.

C. L. Canfield, Pacific Coast Agent of the Chicago, Milwaukee & St. Paul, returned to San Francisco last night.

Lieutenant Colonel George E. Burton, Inspector General, has been ordered to visit Reno, Nev., and Berkeley, Cal.

John Bradley left for Elko and Desh yesterday morning. He will go to Idaho and Montana before returning home.

Geo. Foulks, of Verdi, won the pedestrian match at the Berkeley College last Saturday, it being the seventeenth field day. George made the mile in 8:17, and packed off the gold medal. He broke the record.

The meeting of the citizens of Tuscarora last Sunday evening resulted in the election of John H. Dennis, T. O. Plunkett, J. B. Tolley and John Massey as delegates to the Silver Convention on the 29th, instant, and the adoption of a series of resolutions endorsing the call, denouncing the Act of 1873, and demanding free and unlimited coinage of Silver.

Montana Cattle.

A Montana paper says Montana's cattle shipments this year will reach nearly 100,000 head for all markets, which is an increase over last year of at least 30,000. The average price paid last year was \$3 35, but there is little prospect that any cattle will be shipped for a less advance than 75 cents per hundred, and the figure may reach \$1. Figuring losses in all stock-growing counties, including those since Spring has opened, the average will not come to 10 per cent, which is not much above the usual percentage of losses. The round-up will start later this year than usual, probably by May 25th, and in some localities, especially in the northern part of the State, not until June 15th.

The Water Question.

Three petitions have been filed in the District Court of Nevada for the adjudication of water rights. The first one, embracing the Humboldt and its tributaries, is before Judge Fitzgerald, in the court at Winnemucca, another is before Judge Bigelow, in Reno, and a third before Judge Rising, in Carson. An effort is now being made by some of the counsel in the case to have all the District Judges go to Winnemucca on June 17th, and hear argument for and against the constitutionality of the Act under which it is sought to establish the rights of the persons claiming water for irrigating or other beneficial purposes.

Surprise Valley Notes.

The Modoc Independent has these items: We understand that in Surprise valley there is quite a scarcity of laboring men. Several farmers are in need of a hand or two and are unable to get them.

Dr. Patterson has leased his Cottonwood ranch in Surprise valley to a Mr. Hanson for a term of five years. The Doctor and his family are now living in Cedarville.

Surprise valley farmers are going into the alfalfa raising business on a larger scale than ever this season. There has heretofore been a great deal of it raised in the valley, but this year we notice that the sagebrush has been cleared from a great deal of new land, which has been seeded, and now there are several nice patches of alfalfa where last year nothing but sagebrush grew.

C. B. Ruth, who some time ago sold his drug store at Cedarville to Dr. Woodbridge, has purchased the interest of W. W. Campbell in the drug store of Shoemaker & Campbell, at Reno, and the firm is now Shoemaker & Ruth. Mr. Ruth and family left for their new home last week. Modoc has lost a good citizen and Reno has gained one.

A Tramp's Thrilling Adventure.

NORRISTOWN, May 22.—John Finnegan, a tramp, called at the residence of Constable John Macdonachy, at Conshohocken, this morning while he was eating his breakfast. He became very abusive upon being refused anything to eat, and threatening violence, Macdonachy placed him under arrest. While bringing him to Norristown, Finnegan made a dive through the car window while the train was speeding along at the rate of thirty miles an hour. The Constable succeeded in catching him by the feet and held on to his prisoner, but was finally compelled to let go through sheer exhaustion. Finnegan alighted on his head and rolled over and over on the ground, making a miraculous escape from being ground beneath the wheels. The train was stopped and the tramp found somewhat dazed but none the worse for the fall.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
